

Palmistry

Now, we try to understand Palmistry. Hear palm lines means line on the palm, we do not give only importance to it. But it is also important to consider color of palm, skin tone, fingers, toe, palm line, peaks on palm and shape of palm. Here, we discuss each of the aforementioned domains one by one. So, it becomes easier to understand for you.

First we discuss basics of color of palm, size of palm and its length & breadth of palm. Generally palm is of three colors.

1. Pink Palm
2. Yellow Palm
3. Excessive Red Palm

Personality of different colored palm as per their characteristics is discussed below.

1. Pink Palm :

Normally the Pink Palm person is having soft palm. He / she is having gentle palm and also weightless palm. It is said to be the best palm. Such kind of people easily fulfill their wish. They are optimistic, Self-dependent and having good presence of mind.

They can also accomplish subjective work more easily compare to hard work. Their self confidence is poor. Mainly they are lazy by nature. They are having good personality and attractive speech. Their friend circle is also comparatively big.

2. Yellow Palm :

Yellow palm is having hard and harsh skin on palm. They are obstinate and having fobia of fear. If their palm lines are not proper then he/she has to do hard work throughout the life.

They are having disease related to bile (pitt). Also, they are having narrow minded thinking. They are very unstable in their decisions and thought therefore it is very difficult for them to stable on any economic field. If they are educated then they might be selfish.

3. Excessive Red Palm:

Normally in most of the case, they are taking hasty steps in activities. They are very short tempered. In general they are having abdominal disease. They are also suspicious personality, therefore they believe third person immediately and increase their own respect to share anything in open market.

If palm become red on pressure, then it reduce intensity of negativity. If normally palm remain red, then it is dangerous for health as well as career.

In case of excluding this three, if palm is black in color, then the life will pass full of struggle at mental and financial level. Sometimes they also become addict. They are suffered by cough problem. If palm is yellow then they are unstable and rescue in decision.

They are always felt dejected. If palm is white or blue they might be get belated child. They are having more physically weakness.
